

Speed Configuration Guide

for configuring ccBill Gateway Plugin

▶ Configuring ccBill

1. Sign into your ccBill account;
2. Create a subaccount (or select a current one);
3. Go to a newly created subaccount (you can find a list of subaccounts at the top);
4. Select Sub Account Admin from the menu

The screenshot shows the ccBill software interface. At the top, there is a header bar with the user information "blade21 Media Concept" and "Last Sign In: April 14th, 2016 03:31". To the right of this is a "Client Account" section displaying "923784" and "0016 - minesco". Below the header is a navigation menu with tabs: Home, Account Info (which is selected), Reports, Merchant Connect, Legacy Affiliate, Education & Marketing, and FlexSystem. Under the "Account Info" tab, there is a "Dashboard" link. The main content area is divided into two columns. The left column, titled "Main Account", contains links for "Account Admin", "Feature Summary", "W-9 Info Details", "Transaction Test Settings", "Data Link" (with sub-links "Data Link Services Suite" and "DataLink Report"), and "Permissions" (with sub-links "User Admin" and "Group Admin"). The right column, titled "Manage the Sub Accounts", contains links for "Sub Account Admin", "Feature Summary", "Account Setup", "Discounts" (with sub-links "Cancel Discount" and "Loyalty Discount"), and "Form Admin" (with sub-links "Global Forms" and "Form Popups"). At the bottom of the screen, there is a "View Subaccount Info" button and a warning message: "WARNING: before making your selection you need to properly configure the IP address security settings for this subaccount. please contact [Client support](#). FAILURE TO CONFIGURE IP ADDRESS SECURITY CAN EXPOSE YOUR SYSTEM TO SECURITY VULNERABILITIES".

5. Manage Basic settings

Subaccount Basic Info

Home URL	<input type="text" value="http://mine"/>
Site Name	<input type="text" value="mine"/>
The name of the website to be displayed on the Subscription Details page. Please note that this is not the URL where the consumer will be directed.	
Test Mode	
The TEST MODE feature has been phased-out of System5 and replaced by the new Subscription Details page.	
Client Contact Email	
The email address where correspondence from CCBill will be sent.	
Approval URL	<input type="text" value="http://domain.com/payment/success.html"/>
CCBill will link the subscriber to this web location after a successful signup. This is typically used for payment confirmation pages.	
Denial URL	<input type="text" value="http://domain.com/payment/fail.html"/>
The web location of the page used when a consumer's purchase is declined.	
Denial Redirect Time	5 <input type="button" value="▼"/>
The time in seconds of the refresh time on the denial page.	
Enable CAPTCHA	<input style="background-color: #ccc; border: 1px solid #ccc; padding: 2px 5px; border-radius: 5px;" type="button" value="NO"/>
Opt Out URL	<input type="text"/>
The web location of the page to send consumers when they click the Cancel Transaction button on the Subscription Details page. For subaccounts, the Opt Out URL feature is disabled by default. Please send an email to support@flynax.com if you would like to enable this feature.	
Tour URL	<input type="text"/>
The web location of the tour or preview area. This is the location to send consumers when they click the View Preview button on the Subscription Details page.
